Mission

About ICARE _____

ICARE is a program of MECCA, which provides prevention and care services. ICARE offers comprehensive support to persons living with HIV/AIDS, their partners, families, friends and others concerned about HIV or AIDS in a safe, accepting and nonjudgmental atmosphere.

ICARE's Mission _____

ICARE's mission is to enrich the quality of life for persons living with and affected by HIV/AIDS. Through the distribution of information and services, we foster the self empowerment necessary to live productively and positively with HIV/AIDS.

ICARE's Approach _____

ICARE offers a client-centered, holistic service approach that actively involves the client and their significant others in the service delivery process.

Prevention

ICARE services help to prevent future HIV infections in our community through a variety of group and individual services.

Group Prevention

Using science-based curricula, group sessions are tailored to each audience and may include HIV+ speakers, interactive activities and free prevention supplies.

Individual Prevention

ICARE staff support individuals in making behavior changes that will reduce their risk of acquiring or transmitting HIV, hepatitis and other sexually transmitted diseases by utilizing effective, short term, client-centered counseling strategies.
